The  
Hanover  
Cracker

makes friends in every family into which it comes. Everyone relishes it, from the old grandfather to the babe that is just beginning to toddle. Its delicious flavor and crispness attract them all. These crackers are made from the purest materials, and are packed directly from the oven into cartons, which obviates all contact with outside substances and keeps them ever fresh and sweet.

## REPORT OF THE BOARD OF HEALTH.

The number of contagious diseases reported the past year is as follows:

Measles, epidemic.	
Diphtheria,	I
Typhoid fever,	II

The single case of Diphtheria proved fatal. It was in a family which came from Canada, where the other children had had the disease.

Of the cases of Typhoid Fever none were fatal.

Two deaths resulted from the consequences of Measles. More deaths are said to result from this disease than from Scarlet Fever, but it does not prove to be so in this locality.

The number of births was 99; the number of deaths, 79. The ages of the decedents seems very remarkable and worthy of notice—between 70 and 80, 12; 80 and 90, 11; over 90, 6; oldest, 95.

A sewer constructed along Abbott street and connecting with the sewer on Spring street has relieved the locality in a great measure of the filth which had collected in a ravine.

Many reports of sink-spouts, privies, etc., have received attention. Houses where contagious diseases have prevailed have been fumigated and otherwise purified.

C. A. DOWNS.  
T. H. CURRIE.

REPORT OF  
THE OLD CEMETERY COMMITTEE.

---

During the past year, a truck with water barrel was purchased, and the tool room in the hearse house made larger. Quite a number of the rough fence posts were trimmed up. The old iron fence around the Young lot was removed by consent of one of the family, adding much to its appearance. Quite a large number of headstones were straightened up and put in line in the South-Easterly part of the cemetery. The evergreen trees were trimmed, the cemetery mowed twice, and the roads kept in good order. Two or three new flower beds were added. Considerable work was done in the old cemetery near Miss Alden's, in cleaning and trimming it up.

This cemetery should have quite a little more money expended in putting it in good order. The fence around the cemetery near Deacon Cole's, should be repaired and painted.

There should be more improvements made in the cemetery in East Lebanon.

If a public supply of water should be introduced in West Lebanon, a pipe should be laid to the cemetery.

A. B. DOWNS,  
A. C. RICHARDSON.

REPORT OF  
GLENWOOD CEMETERY COMMITTEE.

---

During the past year improvements have been made all through the cemetery. In a large part of the cemetery the land had become so run out that very little grass would grow. During the past two or three years we have had several pieces under cultivation, and during the past year three of them have been stocked down. There are several other pieces ready to be stocked down in the spring. Three new roads have been graded and the old roads kept in better order than in any previous year. A part of the bank of the road leading to the cemetery has been turfed over. A part of the bank on the east side has been trimmed out. Considerable blasting has been done. The parks and gardens have been kept in good order and were visited by a large number of people.
